

Marabu at the Automotive Interiors Expo 2021

Ink manufacturer Marabu will be exhibiting its recently developed screen printing ink, **Mara® Mold MPX**, for the first time at the **Automotive Interiors Expo 2021 (Messe Stuttgart, Germany)**. The focus will be on the **film insert moulding (FIM)** process on PC films, in combination with PC or PC/ABS.

Tamm, Germany, 8 November 2021 - Marabu will be exhibiting at the Automotive Interiors Expo 2021 (Messe Stuttgart, Germany) from 9 November to 11 November 2021 in Hall 3, Stand A4165. In addition to its existing ink systems for the automotive industry, the ink manufacturer will be unveiling its pioneering new product **Mara® Mold MPX** for film insert moulding (FIM). Marabu auto-industry experts will employ sample parts to illustrate the process and the unique advantages of the innovative ink. The new FIM test centre can be employed to accelerate development processes in order to respond quickly to customer needs. Marabu partners and customers are already taking advantage of this new facility.

Marabu is a leading manufacturer of inks headquartered just north of Stuttgart. Visit the trade fair to discover more about the company's high-quality products and their varied applications. The Marabu team of experts looks forward to meeting you.
